Ivor Searle expands range with Mini N16B petrol engine

Applicable to eight BMW Mini models

Adam Tudor-Lane July 1, 2024 Comments Closed 0 likes

Ivor Searle continues to broaden its engine offering by adding the Mini 1.6 litre N16B petrol unit to its all-makes range.

Covering over 90% of the UK's vehicle parc, Ivor Searle provides an extensive program of remanufactured engines, gearboxes, and turbos for cars and LCVs at up to 40% less cost than OE.

Key Details:

- Engine Details:** The newly-added four-cylinder engine, originally produced at the BMW Hams Hall plant in Warwickshire, covers various Mini R56 generation models produced from 2010. These include the Mini, Cooper, Clubman, Clubvan, Roadster, Coupe, Cabrio, Countryman, and Paceman.
- Quality Assurance:** Ivor Searle engines are expertly remanufactured, exceeding the BS AU257:2002 Code of Practice for remanufacturing engines.
- Warranty and Delivery:** All Ivor Searle engines come with a 12-month unlimited mileage parts and labor warranty. Customers also enjoy free next-day UK mainland delivery for stock items ordered before 3.30 pm.
