

# Think Remanufactured Products

## Ivor Searle expands remanufactured turbo range for JLR models

Now covering a wide range of popular Jaguar Land Rover vehicles

Adam Tudor-Lane | October 28, 2024 | Comments Closed | 0 likes

**Leading remanufacturer Ivor Searle has expanded its range with turbochargers for various Jaguar Land Rover 3.0 litre V6 diesel applications.**

This addition strengthens their existing program covering engines, gearboxes, and turbochargers for over 90% of UK cars and light commercial vehicles.

The newly added turbochargers are suitable for Jaguar XF and XJ models manufactured from 2014 onwards, as well as Land Rover Discovery Sport and Range Rover vehicles produced from the same year.

Ivor Searle offers a competitive advantage with their remanufactured turbochargers, costing up to 40% less than original equipment. All their turbochargers are backed by a two-year unlimited mileage warranty for parts and labor, providing peace of mind for customers. Additionally, Ivor Searle offers free next-day mainland UK delivery for in-stock items ordered before 3:30 PM.

To find out more call the Ivor Searle sales team on 01353 720531 or visit their website [by clicking here](#).
