UK-based remanufacturer Ivor Searle has added the manual transmission for the popular Volkswagen Polo and Skoda Fabia superminis to its all-makes range of gearboxes for cars and vans.

The application covers 1.2 litre, three-cylinder, petrol derivatives of the fifth generation Polo built from 2009 – 2014 and the second generation Fabia produced from 2011 – 2015.

Ivor Searle's remanufactured gearbox programme covers around 90 per cent of the UK's vehicle parc and cost up to 40 per cent less than OE.

For peace of mind, all Ivor Searle gearboxes are covered by a 12-month unlimited mileage parts and labour warranty.

Ivor Searle also offers free next day UK mainland delivery for stock items ordered before 3.30pm.
